Cost Base Tuition

We project for next year (2011-2012) the differential between the total cost of educating a student and the average tuition per student to be approximately \$1750. How do we make-up this difference? At St. Mary of the Assumption, we make-up the difference with fundraising, extended care, registration fees, cafeteria sales, donations, rental income, Archdiocesan assistance, summer camp surplus, eighth grade surplus, drama surplus, yearbook surplus and parish subsidy.
